To Whom It May Concern:

The Kathy Harty Gray Dance Theatre recently performed at our school. Their performance was based on Stories to Remember About Women in Virginia. The performance was outstanding. Our students were impressed with the history concept that the dances revealed. Also, our students had the opportunity to ask many questions to the performers after the show. It was truly a great educational experience for the students at Norton Elementary School. I personally would recommend the Kathy Harty Gray Dance Theatre to any school.

Sincerely,

Brad Hart
Assistant Principal
